

## Raised by Animals (Paperback)

By Jennifer Verdolin

The Experiment LLC, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. From a leading animal behaviourist, an often humorous look at the many surprising parallels between human and animal parents. In *Raised by Animals*, evolutionary biologist Jennifer Verdolin, PhD, invites parents, animal lovers, and science buffs to explore the wild world of parenting in the animal kingdom - and its implications for human families. Weaving together research on both human and animal behavior, she draws fascinating parallels in a narrative that's packed with interesting tidbits. Find out why newly hatched goslings imprint on anything that moves, and how Mexican free-tailed bats can identify their pups among literally millions of others. Plus, gain insight from *Mother Nature* on the big questions of child-rearing, from birth to leaving the nest: \*Does attachment parenting have evolutionary roots? \*Do more attractive offspring benefit from favouritism? \*How can we better understand our own families? In a sense, we are all raised by animals - and that may not be such a bad thing!.
