

Dogs, Dog Food, and Dogma: The Silent Epidemic Killing Americas Dogs and the New Science That Could Save Your Best Friends Life

By Daniel Schulof

Present Tense Press. Paperback. Condition: New. 348 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. Recent research suggests that obesity is deadlier for a dog than a lifetime of smoking is for a human being. And yet, incredibly, more than half of the dogs in America today are overweight. We love our dogs as never before in history, but were still allowing millions of them to die every year from this completely preventable disease. How in the world could that be Whos to blame And what can be done to stop the epidemic Those questions and more are examined in Dogs, Dog Food, and Dogma, Daniel Schulofs rigorous and in-depth investigation of Americas canine obesity epidemic. With clarity and care, Schulof dissects the published scientific literature on canine obesity and explains why so much of what the veterinary community thinks it knows about the topic has in fact been manipulated by the pet food industry and cast into doubt through fascinating new scientific research. Schulof documents his investigation in an engrossing memoir-style narrative, one featuring all the joy and heartbreak that ordinarily accompanies pet ownership in America today. With his Rottweiler Kody in tow, he takes readers along to some fascinating places--the wilds...

Reviews

Just no phrases to describe. It typically does not price an excessive amount of. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Felton Hessel

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at at any moment of your own time (that's what catalogues are for concerning if you ask me).
