For it is clear from this and other like comments, that something more should have been said expressly on the subject of bullying, and how it is to be met. MY DEAR ; I blame myself for not having earlier suggested whether you could not, in another edition of Tom Brown, or another story, denounce more decidedly the evils of bullying at schools. You have indeed done so, and in the best way, by making Flashman the bully the most contemptible character ;but in that scene of the tossing, and similar passages, you hardly suggest that such things should be stopped and do not suggest any means of putting an end to them. This subject has been on my mind for years. It fills me with grief and misery to think what weak and nervous children go through at school how their health and character for life are destroyed by rough and brutal treatment. It was some comfort to be under the old delusion that fear and nervousness can be cured by violence, and that knocking about will turn a timid boy into a bold one. But now we know well enough that is not true. (Typographical errors above are due to OCR software and dont occur in the book.)
