Brand New Book ***** Print on Demand *****.Excerpt from An Essay on Creation: Comprehending the Beginning, Course, and End of Time Before submitting this essay to the pub lie, I wish to notice the fact that there is a popular theory antagonizing science with revelation, thereby setting up an incompatibility which is difficult to reconcile. Now, if these premises are well taken, it must be conceded that religion is a matter of personal belief, while philosophy is an established fact, because the operations of nature are self-evident and inconfutable. The existence of God, or a supreme exponent possessing unlimited power, coupled with all the attributes necessary to combine perpetuity and supremacy, is the conviction of every true scientist; on this faith he rests the strongest evidence of natural development.
