

A Textbook in the History of Modern Elementary Education: With Emphasis on School Practice in Relation to Social Conditions (Classic Reprint)

By Samuel Chester Parker

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Textbook in the History of Modern Elementary Education: With Emphasis on School Practice in Relation to Social Conditions Hence such concrete matters are presented as the growth of English cities and of town life in New England, the development of natural science, of religious toleration, of national governments, and of democracy, which the student s high-school courses in general history and in science prepare him to understand. Changes in educational theories are traced in connection with social changes and with those educational movements and educational reformers that have directly modified elementary-school practice. Consequently many theoretical writers who have exerted little or no direct influence on practice are omitted from the discussion. The developments in actual school practice - that is, the changes in the curricula and methods of school systems - are especially emphasized. These are not presented in an isolated way, however, but as definitely related to changes in social conditions and fundamental theory. Whenever a given movement can be typified by describing English or American conditions, this has been done. In some...
