ELSEVIER SCIENCE TECHNOLOGY, Netherlands, 1989. Hardback. Book Condition: New. 311 x 222 mm. Language: English . Brand New Book. Presented at this workshop were mathematical models upon which process control is based and the practical applications of this method of control within industry; case studies include examples from the paper and pulp industry, materials industry and the chemical industry, among others. From these presentations emerged a need for further research and development into process control. Containing 19 papers, these proceedings will be a valuable reference work for all those involved in the designing of continuous production processes for industry and for the end user involved in the practical application of process control within their manufacturing process.
