

## The Digital Principal (Paperback)

By Janette Hughes, Anne Burke

Pembroke Publishing Ltd, Canada, 2014. Paperback. Condition: New. Language: English . Brand New Book. Technology has changed the way we live and interact with each other. In our modern world, schools need to establish learning environments that engage students and build on digital student experiences outside of school. Although education leaders do not have to be digital experts, they need to recognize the importance of supporting learning communities that embrace technological innovation. Principals have an important role in creating an effective school technology plan that supports teachers as they explore the potential of the digital world. The Digital Principal shows educational leaders how to apply their leadership skills to the challenge of creating and supporting a learning environment rich in technology and opportunities for students and teachers to work, teach, and learn in the digital age. From basics of digital literacy and digital citizenship, to connecting to the digital community and accessing digital and virtual worlds, this book establishes a framework for integrating technology into instruction and learning. It includes technology standards specific to educational administrators, a survey testing a school's TQ (Technology Quotient, or its readiness to embrace both the digital principle and the digital principal), tips for grant writing...

### Reviews

*Completely among the finest book I have actually read through. It is probably the most remarkable book we have study. I discovered this book from my dad and I suggested this book to learn.*

-- **Georgiana Pacocha**

*The very best publication I at any time study. It really is basic but shocks inside the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Marlin Swift**
