Who Is It That Lives With You Brookstone, Colorado. Picturesque. Beautiful. The Rockies; a gorgeous lake. Winter skiing. Its an idyllic place to live, until someone begins murdering people, brutally. Who would do this kind of thing, and could it be my neighbor, that strange man who lives by himself two houses down Could it be the janitor at work, or this man walking towards me on the street, his hands shoved deeply into his pockets Who is it, that lives here amongst us The twists and turns that life can take: after serving in the war then working homicide in Dallas, Terence Mose ends up in his hometown assigned to the case. All around Terence are the ghosts of his past: his childhood, the people he killed during the war, the friends he lost in the war, an old high school buddy. What does it take to go crazy Terence wrestles with his own psyche, trying to control his post-traumatic stress disorder PTSD, and wonders if he should get out of this line of work. But what else would he do, and who would stop this killer Some things happen, and they change you, and never leave you. What do you see when you explore the personalities of those that you know, including yourself Loose thresholds, shattered spirits, unmoored identities, poor foundations, tenuous holds on reality and sanity. A descent into the ravages which warp minds, and an exploration of the deep longing for love, safety, and belonging which resides in us all, The Roommate will forever change the way you see those with whom you live, including yourself.
