Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This publication, Field Manual FM 6-22 Leader Development June 2015, provides a doctrinal framework covering methods for leaders to develop other leaders, improve their organizations, build teams, and develop themselves. The principal audience for FM 6-22 is all leaders, military and civilian, with an application focus at the operational and tactical levels. Trainers and educators throughout the Army will also use this manual. Army leaders are the competitive advantage the Army possesses that technology cannot replace nor be substituted by advanced weaponry and platforms. Today's Army demands trained and ready units with agile, proficient leaders. Developing our leaders is integral to our institutional success today and tomorrow. It is an important investment to make for the future of the Army because it builds trust in relationships and units, prepares leaders for future uncertainty, and is critical to readiness and our Army's success. The practices include recruiting, accessions, training, education, assigning, promoting, broadening, and retaining the best leaders, while challenging them over time with greater responsibility, authority, and accountability. Army leaders assume progressively broader responsibilities across direct, organizational, and...
