McGraw-Hill Education - Europe, United States, 2004. Hardback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book shows how to use options to increase your investment returns while reducing your risks. In the options market, it always comes down to you versus them. Thing is, they've been at it a lot longer than you, and have years of hands-on experience navigating the tricks and traps of profitable options trading. Before you take your place at the table, it's in your best interest to discover how options really work, and how they can work for you. Options and Options Trading translates the foreign language of options into plain English. Based on Robert Ward's experience as a Merrill Lynch head trader as well as his popular New York University trading and options course, this step-by-step primer explains what options are, introduces basic valuation and trading concepts, and demystifies this versatile trading vehicle. Look to Options and Options Trading to learn: how to use options to increase profits or offset risks, and hazards to watch out for; the 8 most popular options strategies - how and why they work (and sometimes don't!); key options definitions, formulas, abbreviations, techniques, and more. Knowledge on Wall Street rarely comes cheap, and the options market can be a particularly expensive tutor. Let Options and Options Trading provide you with the insight you need to understand what is happening and why, and give you a head start on making options a low-risk, high-return part of your overall portfolio. There is a difficult, complex way to learn options (one that requires a Ph.D. in math) and an easier, more basic way for those of us who don't consider ourselves math geniuses. This book is...
